About UPES

Established through the UPES Act, 2003 of the State Legislature of Uttarakhand, UPES is one of the top-ranked, UGC-recognized, private universities. As per the National Institutional Ranking Framework (NIRF) 2023, Ministry of Education, India, UPES has been ranked 52, with rank 54 in engineering and rank 39 in management. In addition to this, the university was recently ranked 243 in Asia and the 3rd best private university in India by the QS World Rankings 2023. UPES has also been accredited by NAAC with an accreditation grade 'A' and has received 5-Stars on Employability (placements), by globally acclaimed QS Rating, with 90%+ placements over the last few years.

UPES offers graduate and postgraduate programs through its eight schools: School of Advanced Engineering, School of Computer Science, School of Design,

School of Law, School of Business, School of Health Sciences & Technology, School of Modern Media, and School of Liberal Studies with about 13,000 students and 1500+ faculty and staff members. Given its industry-oriented programs and emphasis on holistic development, UPES graduates are a preferred choice for recruiters.

UPES faculty members are an illustrious group, with over 750+ academicians from world-renowned institutions such as Oxford, Cambridge, Harvard, Stanford, UC Berkeley, Yale, MIT, Cornell, Columbia, Imperial College London, IISc, IITs, IIMs, National University of Singapore, Tokyo etc. and includes Rhodes, Fulbright, Commonwealth, Chevening, DAAD, Eiffel and Erasmus scholars. 25 UPES faculty members are on the list of top 2% researchers in the world, popularly known as Stanford list and four of the faculty members at UPES have found a place in one of the most coveted "Highly Cited Researchers" list published by Clarivate.

Perfect score of 150/150 as a testament
to exceptional E-Learning methods

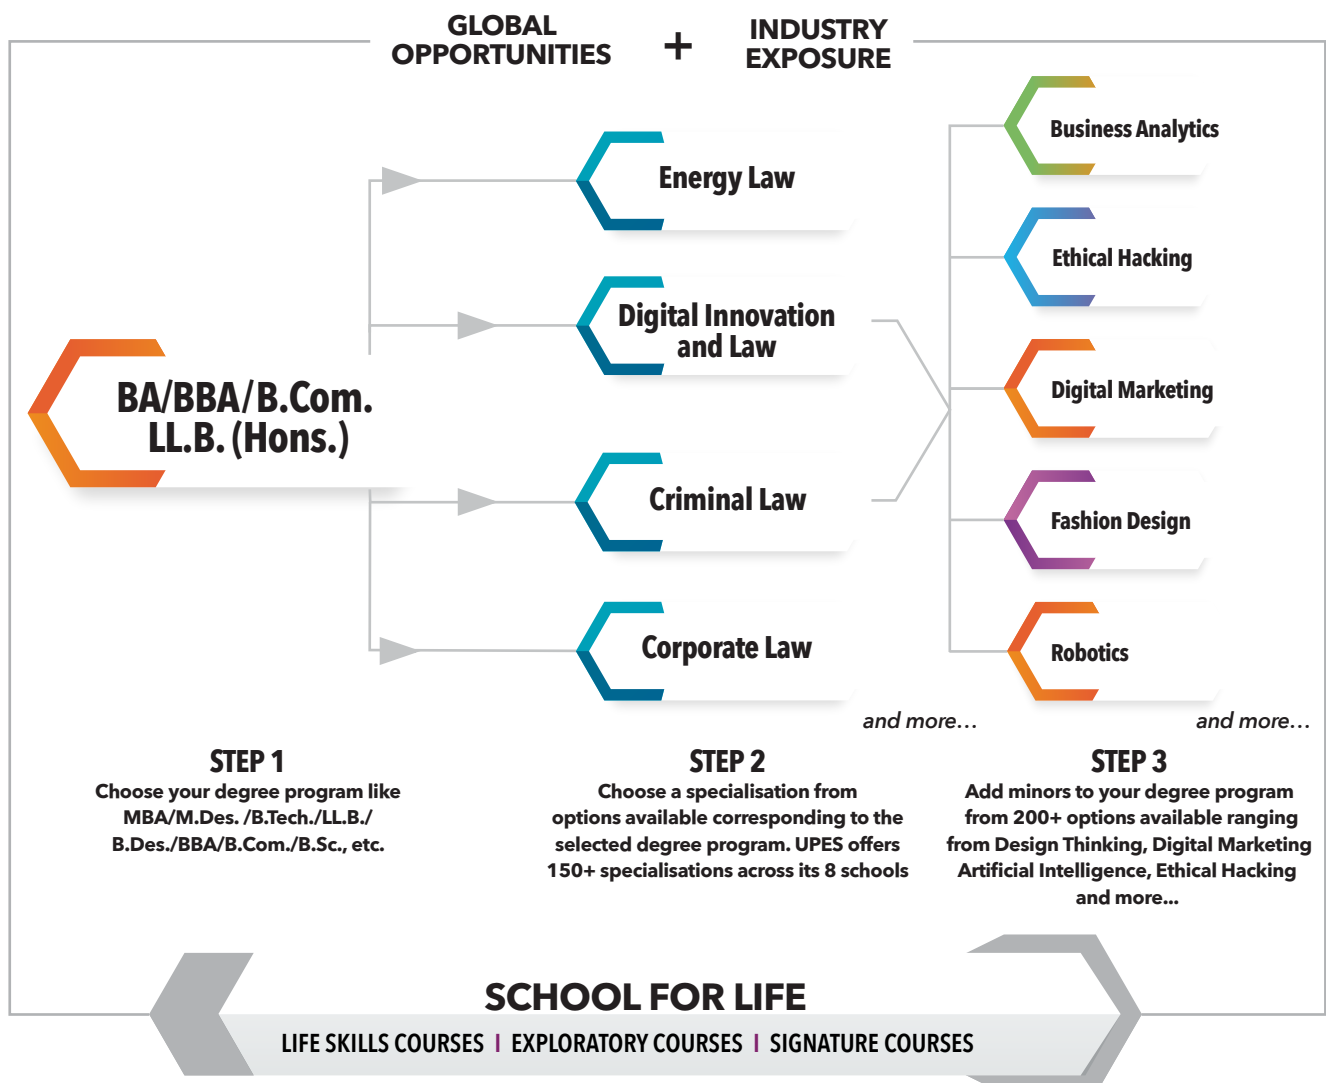

Design Your Own Degree

UPES curriculum framework is holistic in its overall structure and yet focuses on the individual need of the students to discover, experience, explore and challenge. Along with the core subject, students can choose from subject-focused specialisations. They are also allowed to choose minor/exploratory subject from other schools at UPES that are: School of Advanced Engineering, School of Computer Science, School of Law, School of Business, School of Health Sciences & Technology, School of Design, School of Modern Media and School of Liberal Studies.

The curriculum also offers Signature and Life-Skills courses through School for Life. To round off this learning experience, students are required to do mandatory internships in the social sector, government/public sector and industry.

The combinations available for students to pick and choose from are endless, ensuring both depth and width of knowledge.

Holistic Development at UPES

What is the purpose of education? Is it merely to make students employable, remove ignorance and impart knowledge? Or is it to create a better world? The seismic shifts taking place globally, necessitate action to ensure a secure and equitable future for all. Learners today are, therefore, required to be creative, collaborative and communicative. They must develop skills to solve complex problems that plague humanity, work towards equity, uplift the underserved, live healthy, happy, and productive lives. UPES School for Life (SFL)

was established with the intention to create true changemakers. Students learn to apply an in-depth understanding of attained life skills and broad-based subject competencies along with core subject qualifications to take advantage of educational and employment opportunities. This broad-based learning experience helps them evolve throughout their professional and personal lives.

The undergraduate program at UPES offers four clearly demarcated, yet academically integrated areas, covering Core Specialisation courses, Exploratory (Interdisciplinary Electives), Signature and Life Skill courses, all of which are credited and are the basis of the degree awarded. School for Life offers the latter three selections of courses, which are structured to be read alongside the students' core academic curriculum.

EXPLORATORY

(Interdisciplinary Electives)

give students the freedom to read a variety of courses from different schools for an all-round learning experience.

SIGNATURE COURSES

include areas that are not specifically linked to a vocation and focus on 21st-century learner skills, empowering students to become global citizens of the future. It includes courses such as History and Constitution of India, Theory of Everything and Digital Transformation.

'SRIJAN' SOCIAL INTERNSHIPS

offered as part of SFL, are full-time, 8-week-long internships with social sector organisations. These internships are mandatory for all first-year students. Through these internships, the students get exposed to social sector challenges and find ways to overcome them. In the process, they build empathy and learn valuable leadership skills.

LIFE SKILL

courses allow students to pick additional skills with a focus on enhanced employability and communication, along with management and professional skills, including critical thinking, problem-solving and creativity.

Unmatched Global Opportunities

Semester abroad with a tuition fee waiver at The **University of Law - UK**
University Canada West - Canada & UE - Germany

Student exchange opportunities at the World's Top Universities such as
University of Adelaide - Australia
University of Essex - UK
Taylor's University - Malaysia
Southern Federal University - Russia
Memorial University of Newfoundland - Canada
University of Sunderland - UK
University of Akron - USA
Providence University - Taiwan

Co-teaching by International faculty from **The University of Law - UK**
UE - Germany
University Canada West - Canada & INT - Israel

Master's Progression in International Partner Universities after completing Bachelor's from UPES

Assistance for **International Internships/ Projects**

Study abroad opportunity at **The University of California - Berkeley**

Guidance and counselling for application to various **international scholarship opportunities**

Industry in the Classroom

Industry-alliances

- Courses co-developed and co-delivered by industry partners
- School of Law has tie-up with Surana and Surana International Attorneys

Experts on Advisory Board

- Justice (Retd.) Swatanter Kumar, Former Chairperson, National Green Tribunal
- Mr. Sharad Abhyankar, Partner, Khaitan and Co.
- Mrs. Snehlata Shrivastava, Former Secretary, Ministry of Law and Justice
- Ms. Poonam Verma, Partner, J. Sagar Associates
- Prof. Irene Calboli, Texas A&M University School of Law
- Mr. Pravir Krishna, Former MD, TRIFED
- Tulika Jesrani, Director & General Counsel, Kimberly-Clark (India)

Masterclasses

- Continuing to impart exceptional legal education, UPES School of Law conducts several interactions with legal luminaries and academicians such as:
 - Justice Bansi Lal Bhat, Former Judge, J & K High Court, Former Officiating Chairperson, National Company Law Appellate Tribunal (NCLAT)
 - Justice U.C. Dhyani, Former Judge, Uttarakhand High Court
 - Prof. (Dr.) Ranbir Singh, Former and founding Vice-Chancellor, National Law University, Delhi and NALSAR Hyderabad
 - Prof. M. Gandhi, Former Professor & Dean of VIT School of Law, VIT Chennai
 - Mr. Mahendra Singh Singhvi, Advocate General, State of Rajasthan
- The insightful and interactive sessions help students get a closer, more in-depth look at the legal sector and an essential skillset required for a successful career. There are a lot of interesting masterclasses planned for the upcoming session.

The New Age Law School

Globalisation, followed by digitisation, has transformed the way one looks at the law profession. Market for legal services has become dynamic, evolving from its doctrinal approach. The courts and tribunals are exploring new ways to employ technology in delivering justice efficiently.

New age law professionals have to be equally dynamic and this would require an approach which focuses upon building knowledge, skills and attitude, bridging the gap between academia and industry. Law professionals of today and tomorrow would require multidisciplinary skills ranging from business, design thinking and data analytics. Good understanding of finance, commerce, geopolitics, human behaviour and international affairs has become pertinent.

School of Law, UPES, has a vision to provide quality legal education in this new age of digital transformation. The institute is committed to not only exploring, but also implementing an outcome-based education. The ability to backward design the courses gives us the flexibility to provide a platform where the students can achieve their intended learnings.

We focus on applying the new age learning technologies to competency-based, adaptive and collaborative education. This will help us in creating a learning space which meets the unique need of every student. In the coming years, we aim to focus on digital learning, through a balanced combination of technology, digital content, live instruction and experiential learning. Our partnerships with global institutions would provide the much-needed international exposure at home to our students.

We help start-ups convert their ideas into real and viable businesses.

Our goal is to help brilliant innovators get through the early stages of setting up a start-up and reach the point where they have made a product/service impressive enough to raise money. This will be done through a mix of mentorship, grants and investments, legal and incorporation support, and allocation of space to work.

Life @UPES

- Life at UPES is about creating unforgettable memories. It is about young learners **discovering themselves through activities** that enrich their understanding of the world.
- There are twenty student chapters – such as the **Cloud Security Alliance, the Society of Law and Literature, IEEE Branch and Moot Court Association** – and several clubs including National Service Scheme, Vultus and Sanskriti.
- Events such as **Uurja**, the annual youth festival, and **'Wow Wednesday'**, a mid-week activity for showcasing talent, bring together students from across all the schools on one stage.
- **Sports activities at UPES** give students the opportunity to compete in a fun, relaxed environment. **Students develop skills such as team spirit, patience and resilience.**
- From learning to **leisure, path-breaking innovations to life-long friendships, life at UPES** is a vibrant blend of everything a learner would aspire for. It is a place that brims with artists, explorers, athletes and innovators.

Enhance your well-being through sports

Become your most creative self

Accomplish fitness goals together

Create rhythms from the soul

Explore learning without limits
