1. Introduction

UPES Centre for Innovation and Entrepreneurship (UCIE) was set up in January 2013 to promote innovation and entrepreneurship by converting and translating potential business ideas and innovation in various disciplines of science and engineering into products, processes and services for commercial exploitation and the benefit of society. Considering the expansion of activities of UCIE, it is deemed expedient to design and lay down a Policy of Incubation to steer the activities.

2. Objective of UCIE

The mandate of the centre is to assist the UPES community entrepreneurs (faculty, staff, alumni and students) as well as the external community entrepreneurs in commercializing their product/service ideas and/or accelerate their growth. UCIE's mission is to synchronize and synergize the interactions between various stakeholders of Entrepreneurship Ecosystem with utmost importance on enabling young students to become successful entrepreneur through its structured programs and events.

The process of translating knowledge in various disciplines into products, processes and services for commercial exploitation will also benefit the society at large and UCIE shall be used as a vehicle to achieve the same.
