**Subject:** RE: Reporting of Prof Anil Kumar Mondal-15th June 2015

Dear Manoj,

Thanks for updating us on this. Ashwin will take care of all queries which are non-technical.

@Amit Kumar Mondal :

As per our discussion on the phone (few minutes back), it seems that the timing of 2 weeks is something which is not good for anything substantial or even getting started on something solid. So, I think it will be better to expose you to something which will add value to your skill set and open the gates for next stages. I request you to come with some basics into following areas ..

1. QT framework , Build System (Makefiles, shell script etc)
2. Camera Calibration : [http://docs.opencv.org/doc/tutorials/calib3d/camera\\_calibration/camera\\_calibration.html](http://docs.opencv.org/doc/tutorials/calib3d/camera_calibration/camera_calibration.html)
3. <http://www.instructables.com/id/DIY-3D-scanner-based-on-structured-light-and-stere/>

Coming prepared on the above will help you kick start the project and expedite your learning process.  
Best Wishes.

Warm Regards,

**Pranay Kishore**

**Subject:** Reporting of Prof Anil Kumar Mondal-15th June 2015

Dear Mr.Amit/ Mr.Pranay,

**Greetings from University Of Petroleum & Energy Studies.**

Based on our discussions during our visit to your office on 27th May 2015, Prof Amit Kumar Mondal will be reporting to you on 15th June 2015 at your Thane office for faculty project internship work. Requesting to kindly send the required details to Prof Mondal regarding his visit to Mumbai and necessary instructions related with his proposed work. His contact no. is +91-9557355689.

**Mr. Amit Kumar Mondal-**

Kindly contact Mr. Amit/ Mr. Pranay for updating your travel plan and schedule so the necessary arrangements can be made by them for your project work starting from 15th June 2015. You may call them on (022)31926744 or send email with the details. Mr. Ashwin Agrawal is also available on 9011043630 for your help. You are advised to do the needful.

Thanks & Regards
