Primary & Secondary Internet Connection
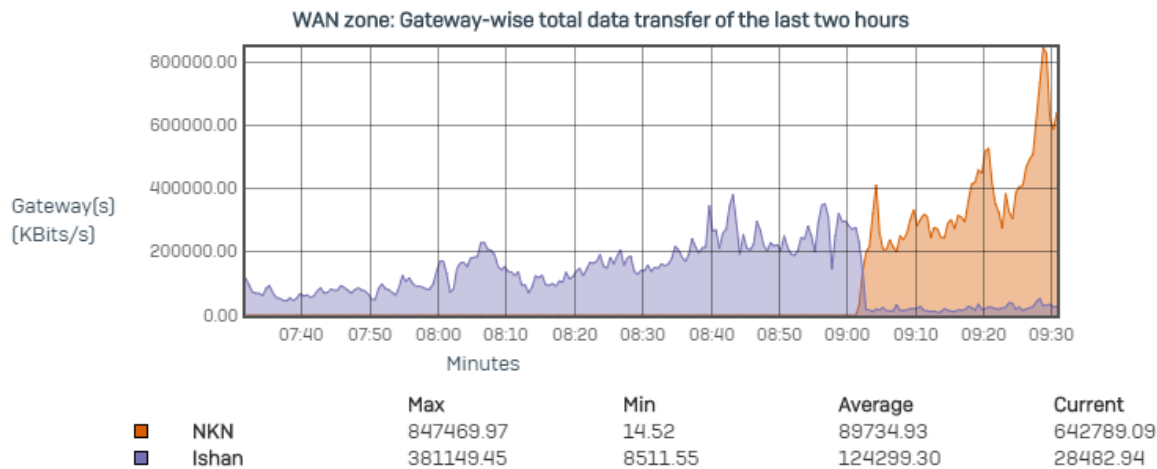

The internet has immense potential to improve the quality of education. As UPES is moving more towards India's "Digital India" mission, the internet is considered as a backbone.

In UPES we have a primary and secondary internet connection. Primary internet connection is 1GBPS and it is from NKN (National Knowledge Network). UPES became a member of NKN in the year 2011.

Secondary internet connection is of 700MBPS provided by Ishan Netsol Private Limited.

Both the links are governed by service level agreements.

NKN Bandwidth and Ishan Bandwidth screen shot

WAN zone: Gateway-wise total data transfer of the last two hours

	Max	Min	Average	Current
NKN	847469.97	14.52	89734.93	642789.09
Ishan	381149.45	8511.55	124299.30	28482.94

30/01/2020.
