

UNDERTAKING FOR ADMISSION INTO THE PART-TIME PHD PROGRAM

Name of the Scholar	
Program & Stream of Enrolment	
Session of Enrolment	

This is to acknowledge that I am aware of the following prerequisites for the successful completion of the part-time PhD Program and will fulfill all the necessary requirements:

1. I take full responsibility for identifying a suitable 'External Guide' for and getting his/her consent for externally guiding my research work, before the completion of the first semester.
2. I am aware that the Coursework Subjects/Stream, once decided at the time of admission, will remain unchanged throughout the duration of my program.
3. I am aware that the University will provide reference material for the coursework subjects mentioned in the course grid. In case of non-availability of the reference material for a particular subject, the University will provide a syllabus with a list for suggested readings. For any subject chosen from outside of the grid/recommended by a faculty member, the University will not be responsible for providing the study material/ reference books/references.
4. I am aware that the list of the 'Exam Centers', mentioned on the Website, is indicative and is subject to change/revision. All the mentioned Centers may not be activated for each exam cycle and some Exam Centers may require additional charge which is to be borne by the candidate.
5. I declare that at the time of enrolling for this Part Time PhD Program, I am not enrolled for any other Program in any University.
6. I will conduct my Research during the course of the PhD Program with honesty and am aware that the University will take disciplinary action against me in case of breach of responsible conduct and wrongful publication of my research work.
7. All the certificates and documents submitted by me are my own and I will be solely responsible for any discrepancy found in the certificates provided by me and the University has the right to cancel my candidature at any stage if any discrepancy is found in the certificate.
8. My Research Work once submitted will also be the University's intellectual property and may be used by the University for Publication and Promotional purposes.
9. *(Only for candidates enrolled for part-time PhD in Engineering)*
For my research in Engineering, it is my responsibility to get an approval from a laboratory for the purpose of my research.
